

MCCORMICK WOODS

Terrific Commission Program, More Space, Less \$\$

Quadrant Homes has launched a new Prepay Commission program. This unique program prepays agents 3% of the Sales Office Commission when they sell a Quadrant home. The first \$5,000 is paid upon release to construction of the new home and the remainder paid at close.

Agents are encouraged to visit Quadrant's exciting new neighborhood, **The Ridge at McCormick Woods**. Tour any of Quadrant's model homes to gain a greater understanding of the meaning of "more house, less money." As always, site registration is never required. "We're here to help—and we do it your way," Quadrant representatives say. Visit Quadrant Homes on the internet for more about spacious new homes at [The Ridge at McCormick Woods' website](#).
